

6.5.3 Quality assurance initiatives of the institution

**Orientation Programme on
Quality issues for Teachers
and Students organised by
the Institution**

2015-2016

Orientation Programme on Quality issues for Teachers

Date : 31/10/15

Name of the lecturer : Murali Krishna

Department : Chemistry

Topic : Students' Quality Circles

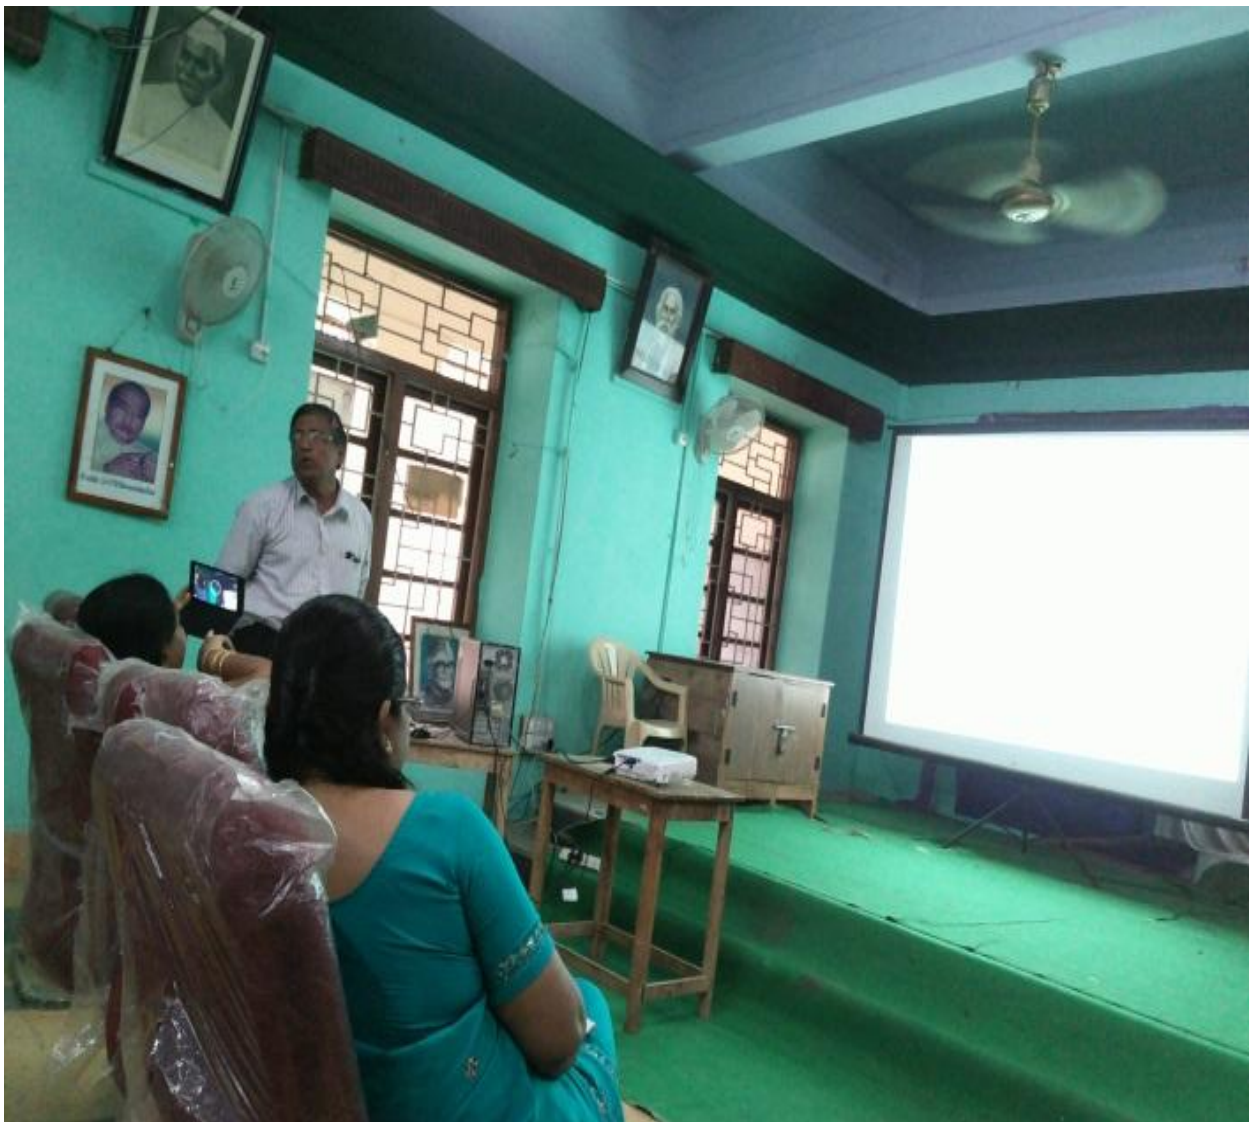

Number of Participants : 45

Purpose & Outcome : Participants got the information on Students' Quality Circles

Orientation Programme on Quality issues for Teachers

Date : 26/11/15
Name of the lecturer : Mr.C.Ramesh
Department : Political Science
Topic : Income Tax
Number of Participants : 48
Purpose & Outcome : Participants got the information on Income Tax

Orientation Programme on Quality issues for Teachers

Date :19/12/15
Name of the lecturer : Dr.Mahaboob Basha
Department : Commerce
Topic : Consumer Rights
Number of Participants : 43
Purpose & Outcome : Participants got the information on Consumer Rights

Orientation Programme on Quality issues for Students

Department of BioTechnology

Dates: 01.07.2015 to 15.07.2015

Brief Report: Bridge course classes conducted to I year Biotechnology students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biotechnology and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of BioChemistry

Dates: 14.07.2015 to 20.07.2015

Brief Report: Bridge course classes conducted to **I year Biochemistry** students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biochemistry and its future perspectives. The entry level test made to screen the students learning abilities for assigning different tasks in subject.

Orientation Programme on Quality issues for Students

Department of Computer Science & Applications

Date: 15-06-2015 TO 27-06-2015

Brief Report: Bridge course was conducted for I B.Sc(MPCS), B.A(CA,CE), B.Com(CA) students to assess the students knowledge and interim the subject gap in them.

Outcome: Students were motivated and learnt the basics of computers.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 01.08.2015

Brief Report: Bridge course classes conducted to I year BA (RD) students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Advance Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of English

Dates: 01.08.2015 to 10.08.2015

Brief Report: Bridge course is conducted to students at the entry level to put them at ease and to acquaint them with the course as many students come from the different backgrounds.

Outcome: Students feel at ease and try to understand the course opted.

Orientation Programme on Quality issues for Students

Department of English

Date: 01.07.2015

Topic: Literary Forms

Brief Note: Bridge course is conducted for the first year B.A. Advanced English students at the entry level and are introduced to the new subject to put them at ease.

Outcome: Students understand the various concepts pertaining to the subject and feel comfortable to be a part of the Course

2016-2017

Orientation Programme on Quality issues for Teachers

Date : 30/8/16
Name of the lecturer : K.V.Murali Krishna
Department : Chemistry
Topic : Expectations of Autonomy
Number of Participants : 43
Purpose & Outcome : Participants got the information on Expectations of Autonomy

Orientation Programme on Quality issues for Teachers

Date : 30/9/16
Name of the lecturer : Dr. C.P. Lakshmi Prasanna
Department : Physics
Topic : NAAC Criteria's
Number of Participants : 41
Purpose & Outcome : Participants got the information on NAAC Criteria's

Orientation Programme on Quality issues for Teachers

Date : 31/10/16
Name of the lecturer : C. Ramesh
Department : Political Science
Topic : Income tax calculations
Number of Participants : 42
Purpose & Outcome : Participants got the information on Income tax calculations

Orientation Programme on Quality issues for Teachers

Date : 10/11/16
Name of the lecturer : Dr.M.Farida Begum
Department : English
Topic : Positive thinking
Number of Participants : 40
Purpose & Outcome : Participants got the information on Positive thinking

Orientation Programme on Quality issues for Teachers

Date	: 30/11/16
Name of the lecturer	: Dr. C.Obulapathi
Department	: Zoology and CE
Topic	: Students examinations
Number of Participants	: 44
Purpose & Outcome	: Participants got the information on Students Examinations

Orientation Programme on Quality issues for Students

Department of BioTechnology

Dates: 01.07.2016 to 15.07.2016

Brief Report: Bridge course classes conducted to I year Biotechnology students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biotechnology and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of BioChemistry

Dates: 12.07.2016 to 22.07.2016

Brief Report: Bridge course classes conducted to I year Biochemistry students

as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biochemistry and its future perspectives. The entry level test made to screen the students learning abilities for assigning different tasks in subject.

Orientation Programme on Quality issues for Students

Department of Computer Science & Applications

Date: 13-06-2016 TO 25-06-2016

Brief Report: Bridge course was conducted for I year B.Sc(MPCS, CPCS), B.A(CA, CE), B.Com(CA) students to assess the students knowledge and interim the subject gap in them.

Outcome: Students were motivated and learnt the basics of computers.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 01.07.2016

Brief Report: Bridge course classes conducted to I year BA (RD) students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Advance Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of English

Dates: 01.08.2016 to 10.08.2016

Brief Report: Bridge course is conducted to students at the entry level to put them at ease and to acquaint them with the course as many students come from the different backgrounds.

Outcome: Students feel at ease and try to understand the course opted.

Orientation Programme on Quality issues for Students

Department of English

Topic: Awareness on English Literature.

Date: 01.07.2016

Brief Note: Bridge course is conducted for the first year B.A. Advanced English students at the entry level and are introduced to the new subject to put them at ease.

Outcome: Students understand the various concepts pertaining to the subject and feel comfortable to be a part of the Course

2017-2018

Orientation Programme on Quality issues for Teachers

Date : 12/07/17
Name of the lecturer : Dr. C.V. Rajeswari
Department : Principal
Topic : Autonomous guidelines
Number of Participants : 46
Purpose & Outcome : Participants got the information on Autonomous guidelines

Orientation Programme on Quality issues for Teachers

Date : 10/08/17
Name of the lecturer : Dr. Abdul Khadar
Department : Principal(FAC)
Topic : Autonomous Status
Number of Participants : 40
Purpose & Outcome : Participants got the information on Autonomous Status

Orientation Programme on Quality issues for Teachers

Date : 08/11/17
Name of the lecturer : Dr. Satyanarayana
Department : Mathematics, SJDC Kurnool.
Topic : NIRF
Number of Participants : 42
Purpose & Outcome : Participants got the information on NIRF

Orientation Programme on Quality issues for Teachers

Date : 10/11/17
Name of the lecturer : JKC Mentors
Department : JKC
Topic : IAMS
Number of Participants : 42
Purpose & Outcome : Participants got the information on IAMS

Orientation Programme on Quality issues for Teachers

Date : 16/11/17
Name of the lecturer : Dr.C.Obulapathi
Department : Zoology & Controller of Examinations
Topic : Cluster electives
Number of Participants : 43
Purpose & Outcome : Participants got the information on Cluster electives

Orientation Programme on Quality issues for Teachers

Date : 31/1/18
Name of the lecturer : V.Sheshareddy
Department : Psychology
Topic : Psychology-IQ levels
Number of Participants : 41
Purpose & Outcome : Participants got the information on Psychology-IQ levels

Orientation Programme on Quality issues for Students

Department of BioTechnology

Dates: 01.07.2017 to 15.07.2017

Brief Report: Bridge course classes conducted to I year Biotechnology students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biotechnology and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of BioChemistry

Dates: 17.07.2017 to 27.07.2017

Brief Report: Bridge course classes conducted to **I year Biochemistry** students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biochemistry and its future perspectives. The entry level test made to screen the students learning abilities for assigning different tasks in subject.

Orientation Programme on Quality issues for Students

Department of Computer Science & Applications

Date: 15-06-2017 TO 28-06-2017

Brief Report: Bridge course was conducted for I year B.Sc(MPCS), B.A(CA, AE), B.Com(CA) students to assess the students knowledge and interim the subject gap in them.

Outcome: Students were motivated and learnt the basics of computers.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 1.08.2017

Brief Report: Bridge course classes conducted to I year BA (RD) students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Advance Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of English

Dates: 01.08.2017 to 10.08.2017

Brief Report: Bridge course is conducted to students at the entry level to put them at ease and to acquaint them with the course as many students come from the different backgrounds.

Outcome: Students feel at ease and try to understand the course opted.

Orientation Programme on Quality issues for Students

Department of English

Date: 02.07.2017

Topic: Introduction to English Literature

Brief Note: Bridge course is conducted for the first year B.A. Advanced English students at the entry level and are introduced to the new subject to put them at ease.

Outcome: Students understand the various concepts pertaining to the subject and feel comfortable to be a part of the Course

2018-2019

Orientation Programme on Quality issues for Teachers

Date : 27/06/2018
Name of the lecturer : Dr.C.V.Rajeswari
Department : Principal
Topic : NAAC Awareness
Number of Participants : 50
Purpose & outcome : Participants got the more information
on NAAC

Orientation Programme on Quality issues for Teachers

Date : 04/08/2018
Name of the lecturer : Dr.C.P.Lakshmi Prasuna
Department : Physics
Topic : NAAC Criteria's
Number of Participants : 40
Purpose & outcome : Participants got the information on NAAC
criterion wise Preparation.

Orientation Programme on Quality issues for Teachers

Date : 01/09/2018
Name of the lecturer : Dr.M.Farida Begum
Department : English
Topic : About IQAC
Number of Participants : 40
Purpose & outcome : Participants got the information on IQAC.

Orientation Programme on Quality issues for Teachers

Date : 11/10/2018
Name of the lecturer : Smt.G.Girija Rani
Department : Computer Science
Topic : NIRF Awareness Programme
Number of Participants : 50
Purpose & outcome : Participants got the information on NIRF.

Orientation Programme on Quality issues for Teachers

Date : 29/12/2018
Name of the lecturer : Sri.K.V.Murali Krishna
Department : Chemistry
Topic : Student's Quality Circles (SQC)
Number of Participants : 40
Purpose & outcome : Participants got the information on Student Quality Circles.

Orientation Programme on Quality issues for Teachers

Date : 23/01/2019
Name of the lecturer : C. Ramesh
Department : Political Science
Topic : Income Tax
Number of Participants : 42
Purpose & outcome : Participants got the information on Income Tax.

Orientation Programme on Quality issues for Students

Department of BioTechnology

Dates: 02.07.2018 to 16.07.2018

Brief Report: Bridge course classes conducted to I year Biotechnology students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biotechnology and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of BioChemistry

Dates: 12.07.2018 to 22.07.2018

Brief Report: Bridge course classes conducted to **I year Biochemistry** students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biochemistry and its future perspectives. The entry level test made to screen the students learning abilities for assigning different tasks in subject.

Orientation Programme on Quality issues for Students

Department of Computer Science & Applications

Date: 18-06-2018 TO 28-06-2018

Brief Report: Bridge course was conducted for I B.Sc(MPCS, MCDS), BA(CA, AE), B.Com(CA) students to assess the students knowledge and interim the subject gap in them.

Outcome: Students were motivated and learnt the basics of computers.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 16.08.2018 to 31 .08.2018

Brief Report: Bridge course classes conducted to I year MA Telugu students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 1.08.2018

Brief Report: Bridge course classes conducted to I year BA (RD) students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Advance Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of English

Dates: 01.08.2018 to 10.08.2018

Brief Report: Bridge course is conducted to students at the entry level to put them at ease and to acquaint them with the course as many students come from the different backgrounds.

Outcome: Students feel at ease and try to understand the course opted.

Orientation Programme on Quality issues for Students

Department of English

Date: 01.08.2018

Topic: Writers and texts

Brief Note: Bridge course is conducted for the first year B.A. Advanced English students at the entry level and are introduced to the new subject to put them at ease.

Out Come: Students understand the various concepts pertaining to the subject and feel comfortable to be a part of the Course

2019-2020

Orientation Programme on Quality issues for Teachers

Date : 14/08/2019
Name of the lecturer : Dr.M.FaridaBegum
Department : English
Topic : Communication Skills
Number of Participants : 40
Purpose & outcome : Participants got the information on
Communication Skills

Orientation Programme on Quality issues for Teachers

Date : 3/01/2020
Name of the lecturer : C. Ramesh
Department : Political Science
Topic : Income Tax
Number of Participants : 42
Purpose & outcome : Participants got the information on Income Tax.

Orientation Programme on Quality issues for Students

Date: 1.07.2019 to 6.07.2019

Brief Report: University Grants Commission (UGC) has introduced Students' Induction Programme' (SIP) in 2019 for the new entrants into various educational institutions with a view to expanding creative thinking, developing character, bridging bonds with new friends, feeling at ease with seniors and faculty, acclimatizing with the new surroundings, imbibing human values and getting connected among students, faculty and institution.

Orientation Programme on Quality issues for Students

Department of BioTechnology

Dates: 01.07.2020 to 15.07.2020

Brief Report: Bridge course classes conducted to I year Biotechnology students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biotechnology and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of BioChemistry

Dates: 15.07.2019 to 25.07.2019

Brief Report: Bridge course classes conducted to I year Biochemistry students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of biochemistry and its future perspectives. The entry level test made to screen the students learning abilities for assigning different tasks in subject.

Orientation Programme on Quality issues for Students

Department of Computer Science & Applications

Date: 08-07-2019 TO 12-07-2019

Brief Report: Bridge course was conducted for I year B.Sc(MPCS, MCDS), B.A(CA, AE), B.Com(CA) students to assess the students knowledge and interim the subject gap in them.

Outcome: Students were motivated and learnt the basics of computers.

Orientation Programme on Quality issues for Students

Department of Telugu

Dates: 10.08.2019 to 28 .08.2019

Brief Report: Bridge course classes conducted to I year MA Telugu students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of Telugu

Date: 01.08.2019

Brief Report: Bridge course classes conducted to I year BA (RD) students as per the framed syllabus and entry level test was taken at the end of the course.

Outcome: The course helped the students to know the scope of Advance Telugu and its future perspectives. The entry level test made to screen the students learning ability and take care as such while assigning work.

Orientation Programme on Quality issues for Students

Department of English

Dates: 01.08.2019 to 10.08.2019

Brief Report: Bridge course is conducted to students at the entry level to put them at ease and to acquaint them with the course as many students come from different backgrounds.

Outcome: Students feel at ease and try to understand the course opted.

Orientation Programme on Quality issues for Students

Department of English

Date: 01.07.2019

Topic: Ages in English Literature

Brief Note: Bridge course is conducted for the first year B.A. Advanced English students at the entry level and are introduced to the new subject to put them at ease.

Outcome: Students understand the various concepts pertaining to the subject and feel comfortable to be a part of the Course.
