The teaching and learning process is monitored through various statutory and NON statutory bodies and also by implementing the student mentoring system.

The SMS: A human development system i.e. student mentoring system is in practice providing assistance, guidance, and support to the students throughout the three year programme.

- Each lecturer (Mentor) will be in-charge of about thirty students.
- Mentor maintains a cumulative record of students allotted to him/her.
- Mentor periodically calls for a meeting with students and their parents, so as to assess the performance and well being of the students.
- These meetings facilitate student – mentor interaction.
- Mentor immediately attends to problems of the students and also motivates them to face challenges.
- To nurture a warm and positive atmosphere for learning in the campus
- To organize activities/events that would enhance the interaction among first-year students and senior students
- Mentor educates the students regarding good manners in life and also about health and hygiene.

### 7. Innovations and Best Practices

- 7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

Introduced need based certificate courses.  
Student centric learning is being imparted with ICT usage.  
Interactive modes of teaching.  
Organizing of field trips. Industrial visits. Study tours etc.  
Students seminars, Student Projects  
Student Mentoring system  
Student Quality circles  
Implementation of finishing school activities  
Students enrollment to MOOCs  
Many extension activities to create awareness on scientific, Environmental, Legal, social and Gender issues.

- 7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

The College Curricular, Co Curricular, Extra Curricular and extension activities are planned according to the action plan with time line and implemented accordingly  
Academic Audit is conducted by Commissionerate of Collegiate Education, Hyderabad,. Academic action Taken Report is prepared by the principals based on Academic Audit Observers' report.

**Annexure 10: Action Taken Report**

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Student Quality circles: All the departments are assigned with the task of establishing the 'quality circles' with advanced learners at its core and slow learners at its periphery. Certain finishing school activities such as Flash cards, Subject puzzles, Bulletin Corner, Student subject forum etc. are being undertaken at institutional level with the prime goal of quality enhancement and establishment of benchmarking.

#### Student mentoring system

Conduct of short term course on Positive discrimination for SC, ST, OBC, Minority and students with special needs which is a preferential treatment towards the SC, ST, OBC, Minority and Persons with special needs in order to provide them positive discrimination to attain normalization and equity and to bridge the gap between advantaged and disadvantaged sections of students. A group of resource persons were invited to train the students on Personality development, Communicative skills, Career guidance, techniques of mnemonics in the preparation for competitive exams, awareness on the schemes, scholarships and training programmes available for the students etc.

IT week celebration is organized from 2<sup>nd</sup> December to 6<sup>th</sup> December in view of World Computer literacy day i.e. on 2<sup>nd</sup> December by adopting nearby schools to propagate the Computer literacy through B.SC MPCs, B.Com, B.A. CA group students as a finishing school activity and Literacy programme in order to upgrade the levels of advanced learners of the said groups.

Implementation of finishing school activities to bring a recognizable transition rate among the students and introduction of innovative teaching and learning techniques like Mind mapping, Out of Box thinking, Fish bone diagram etc.

Enrollment of students to Massive Open Online courses MOOCs to enable the students to experience the 21<sup>st</sup> century learning culture. In the corporate space, video-based self-study courses are exploding everywhere. Providers like Udemy, SkillSoft, Lynda (LinkedIn), Grovo, and BigThink are now exploding with expert content. Other companies with professional education include Skill Share, Plural sight, General Assembly, Floqq, Iversity, and many others. Most of these companies focus on technical education - software skills, IT systems, and other technical topics. Most of the MOOC providers now offer credentials and they include tools like Nano degrees (Udacity), Credentials of Readiness (Harvard), X Series (EdX), and many more.

Training programme in Communication skills and Take away skills : The continuous student centric finishing school activity to improve their LSRW skills, Analysing skills, Presentation skills etc. through JKC. Students are motivated to improve their communicative skills by participating in JAMs, Group discussions, Debates, Mind Mapping, Out of Box thinking, Role play method.

## 7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

The infrastructure in terms of building, equipment is to be enhanced. The number of PG programmers is to be increased. The establishment of School of Sciences is to be done through RUSA. The student intake capacity of the hostel is to be increased by means of constructing new hostels. The credit and dissertation system are to be introduced in all PG courses and in some multi disciplinary UG Courses also. New PG courses are to be designed and the syllabus is to be revised for the existing courses according to the need of industry and job market. The Students are to be exposed to a higher level real field expertization. The upgradation and modernization of Science laboratories is necessary. The access to e resources is to be increased. Project based learning methodology is to be incorporated especially in the groups with computer science and Commerce. The number of multi disciplinary subjects is to be introduced. Choice based learning system is to be given priority. As the building of K.V.R. Govt. College has the historical significance of Andhra Pradesh, the construction is to be made free from repairs and renovations. Certain constructions such as ramps and railings are to be constructed to make the campus disable friendly.

The main threats/challenges that need to overcome are:

- Training of Faculty through Faculty development programme.
- Incorporation of e-governance technique in management capabilities.
- Infrastructure development
- Filling up of vacant posts.
- Creation of mediary posts for effective administration.
- Inadequate number of maintenance staff.
- Creation of virtual learning environment through modern teaching ambience.
- Completion of ongoing building constructions i.e. Women's Hostel, Indoor stadium, Additional class room block, Administrative block for Hostel, Staff rooms block etc.

**8. Plans of institution for next year**

Introduction of multidisciplinary UG Courses  
Organization of more International and National seminars  
Construction of Smart Classrooms, PHYSICAL INFRASTRUCTURE DEVELOPMENT  
Organization of more no of Job Melas/campus drives  
Professional developmental programmes for the staff  
More importance to the research and establishment of Research center  
Student study projects  
Introduction of Choice based credit system  
Introduction of on job training programmes, that suits the needs of the market  
Introduction of selective and elective subjects for II year UG programmes  
As the College was identified as the member institute of the Cluster University, the School of science is to be established under RUSA component 2  
Importance for the field study programmes and Educational tours.  
Enrollment of more number of students to the Massive open online courses (MOOCS)

## Annexure 7: Analysis of the feedback

### Feed Back Analysis

The students rating on teacher performance is analyzed on the basis of a questionnaire with 21 questions relating to concepts such as the teacher's punctuality, Quality of teaching, time bound completion of syllabus, teacher's impartial nature, provision of add on inputs of the subject, mentoring, motivation etc. The rating is divided in four grades i.e. ABCD stands for strongly agree, agree, disagree and strongly disagree respectively for each question. The Principal of the College assess the consolidated grades and evaluates the teacher's performance as per the four point formula prescribed by the CCE, A.P. The feedback analysis report is sent to CCE on regular basis.

### Annexure 9: Academic Audit Report

### Annexure 10: Action Taken Report

## **Annexure 10.1: Best practices**

### **Best Practice 1**

#### **STUDENT QAUALITY CIRCLES: Finishing school activities**

1. Title of the Practice: **STUDENT QAUALITY CIRCLES: Finishing school activities**

2. Goal/ Objective:

The objective in implementing these programmes is to build, ensure and enhance the quality culture both in academic and cultural aspects among the stake holders.

- To identify advanced and slow learners among the students.
- The advanced learners help in improving the quality of slow learners through various Learner Centric activities.
- Advanced learners get an opportunity to reach a higher level of excellence.
- Gradually the slow learners transform into students with improved excellence.
- To map the transition rate of learning abilities among the students.

3. The context:

In the wake of Liberalization and privatization, the benchmarking has become mandatory. In view of this, it is the need of the hour to provide the student not only with subject content but also with value added additional inputs in the form of various finishing school activities. The very purpose of education is to bring out the innate talents of the students and to guide slow learners, to excel in both Curricular and Extracurricular activities and to achieve a holistic development of students.

4. The Practice/Modus operandi:

Each and every Mentor teacher is assigned with the task of establishing the 'quality circles' with advanced learners at its core and slow learners at its periphery. A proforma with student's information related to her previous record is prepared and filled in the beginning of the first year. Based on the information served, students' learning abilities are analysed as slow learners or advanced learners and in turn four to five quality circles are formed. The following finishing school activities are being undertaken at institutional level with the prime goal of quality enhancement and establishment of benchmarking by involving each quality circle that include both slow learners and advanced learners.

- The activity of flash cards enriches the subject content among the students, if the flash card with subject content is supplemented with General English, which is a twofold beneficial activity to give more exposure to subject as well as general English.
- The activity Cross word Puzzles is giving an additional acquaintance with subject terminology and the student is put to the activity brain storming in solving Puzzles.
- The activity Just a minute is inculcating the spontaneous thought process. The student is asked to talk on a topic, given instantly for one minute. This practice enhances both the spontaneous thought process, expression of language.

- The activity Antyakshari is a word game conducted with terminology of the subject concerned. This inculcates and as well as enhances the swiftness of thought process, vocabulary and memory power of students.
- The activity Subject Bulletin corner includes the display of the various aspects/events/inventions that are happening globally. This activity is providing the regular updates of the recent trends and development of the subjects concerned.
- The activity student subject forum involves the activities such as seminars, debates, group discussions, demonstrations, peer evaluation, preparation of posters, models, collection of specimens etc. which bridge the gap between the slow learners and advanced learners.
- The activities such as open educational resources are a content generation activity involving both the faculty and students by means of uploading online indigenously prepared videos. Through this activity the creativity and innovative thinking and presentation skills are known to the people across the world.
- The extension activities such as guest lectures, Field visits is providing on hand experience, interaction with hands of expertise, exposure to realia, on sight experience enable the College to enhance the quality among the stake holders.
- The activity College Cultural forum is intended to unleash the innate talents of stake holders in the arts of Dance, drama, song and painting.

By the end of the year the rate of participation of the students' is evaluated and marks are assigned according to the predetermined schedule of activities. This indicates the transition rate of a particular student for a particular year. Again grades are assigned on the basis of three years performance of the student. The consolidation report of a particular class indicates the total transition rate of a particular class.

#### 5. Evidence of success:

- A noticeable decline in the number of slow learners
- Better performance in the public examinations and due to this pass percentage of the college has gone up.
- The students got rid of their inhibitions and developed a high level of Self Confidence.
- A platform is provided to the students to bring out their unique talents and extra abilities.
- Every student has acquired soft skills, group skills, language proficiency, ICT skills and leadership abilities.
- The inner strength of students got highly enriched, due to which they got Psychologically geared up to face the challenges in life boldly.
- Participation of students in National Seminars as paper/poster/model presenters has comparatively increased.

#### 6. Problems encountered and Resources required:

No Major problems encountered in the practice, because of the fact that these activities are being practiced as a part of regular curriculum to such an extent that has become the College Culture code. Due to psychological and social inhibitions even some of the advanced learners prefer themselves to remain unnoticed and untapped.

The time constraint is the major problem in conducting activities of 'Students' Quality Circles'. In view of large student strength of the college, more number of computers and more nodes of internet connectivity are required.

### **Best Practice 2 Student Mentor System (SMS)”**

**1. Title of the Practice: ‘Student Mentor System (SMS)”**

**2. Objectives of the Practice**

- To monitor the holistic development of each student.
- To regularize the student’s class attendance
- To redress the problems of the students
- To involve the parents in the activity of progression of their wards.

**3. The Context**

The students in their tender age will be under the grip of apprehensions due to lack of awareness regarding day to day activities, particularly when they are away from their parents are very much in need of a mentor in the form of their Class teacher who redresses their grievances and keeps them happy and comfortable.

**4. The Practice**

- Each lecturer (Mentor) will be in-charge of about thirty students.
- Mentor maintains a cumulative record of students allotted to him/her.
- Mentor periodically calls for a meeting with students and their parents, so as to assess the performance and well being of the students.
- These meetings facilitate student – mentor interaction.
- Mentor immediately attends to problems of the students and also motivates them to face challenges.
- Mentor educates the students regarding good manners in life and also about health and hygiene.

### **5. Evidence of Success**

- Several students got counseling from the Mentor for their academic and personal problems.
- Mentor is able to assess the family background, financial position, mental caliber of each student.
- Mentor has become a communication channel between students and their parents.

### **6. Problems Encountered and Resources Required**

- Most of the parents are reluctant to come to college because most of them being illiterates possess self imposed inhibitions on conversing with teachers.
- Mentors should first try to lessen this inhibition of parents. They should never blame parents for the mistakes committed by the student.
- Most of the students are reluctant to share their grievances and problems with their mentor. They are afraid that they will receive a serious scolding from the mentor.

#### **Block Teaching programme for Computer technology in nearby schools**

1. Title of the Practice: Block Teaching programme for Computer technology
2. Goal/ Objective: The objective in conducting this programme is to propagate computer literacy in nearby schools in which the students are not having the access to ICT both at school and home.
3. The context: As it was envisaged in the mission of our College as to provide equal access and to provide a platform to the students from marginalized sections and rural strata, the institution not only provides equal access to its students but also tries at its best to promote literacy programmes such as Adult literacy, Legal literacy, Financial literacy, Computer literacy etc.
4. The Practice/Modus operandi:  
The Students of B.A. Computer application, B.A. Communicative English groups have adopted nearby schools, visited the schools with the Computer, LCD etc. and taught the fundamentals of computer science to the school students.
5. Evidence of success:  
The students of the schools have actively participated and interacted with great enthusiasm. This programme has also developed the leadership qualities, oratory skills in our students. It acts as a finishing school activity to promote the communication skills and to upgrade the levels of learning of our students, as they learnt while teaching the subject.
6. Problems encountered and Resources required  
Carrying the sensitive ICT equipment to the schools is a task to deal with care. Otherwise no major problems encountered in the implementation of the practice  
If Laptop computers are available, it will be easier to practice.

**III MPCs & III B.Com Students have celebrated Computer Literacy Day on 02/12/2015 at Tanguturi Prakasham Panthulu Memorial High School, Prakash Nagar. The high school students were enlightened on the topic, the importance of the Computers in our day to day life.**
