## DEPARTMENT OF PHYSICS

Remedial register 2017-18 for various group of slow learners

The image displays three pages of handwritten student attendance records, likely from a mid-20th-century educational institution. The pages are filled with dense, cursive handwriting, organized into columns and rows. The top of the pages features headers such as "N.Y.S. Govt. Degree College" and "Students Attendance". The records appear to be organized by class or section, with columns for student names, dates, and attendance status. The handwriting is consistent across all three pages, suggesting they were written by the same person or in the same context. The paper shows signs of age, including slight discoloration and some wear along the edges.

# DEPARTMENT OF CHEMISTRY

Name of the Activity: Chemistry Antyaakshari

Date: 29.09.2015

Resource person/place visited/in association with: Faculty of Chemistry department

**Brief report:** The Department of Chemistry conducted Chemistry Antyaakshari for the students. First, the students are formed into four groups (A, B, C & D). One student is asked to note down the words group wise, as soon as a word is announced by a particular group. The word to start 'Chem Antyaakshari' is announced by the lecturer. The last letter of the word is underlined so as to indicate that the next word should commence with that letter. The points are awarded group wise and finally the winner is announced.

**Remedial Coaching Classes for the year 2015-16 conducted for Slow learner**
